ECOLUTION

AIMS

Pioneering the Future of Smart Sustainability

The Masters course on smart sustainability solutions (ECOLUTION) project aims to develop advanced interactive certified MSc course related to applications that will train individuals with the necessary skills & knowledge to work in the rising “Smart Environmental Sustainability” industry.

Co-funded by
the European Union

Erasmus+ Programme:

Alliances for Education and Enterprises **ECOLUTION** – mastErs COurse on smart sustainability soLUTIONS
Project Number: **101140050 — ECOLUTION — ERASMUS-EDU-2023-PI-ALL-INNO**

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

European Presence

Promotion and Presentation in **Assocamerestero** that was communicated on the website of the bilateral Italian Chambers of Commerce in the world. **Assocamerestero** has in its west 86 Italian bilateral chambers in 56 countries in the world , and has 20.000 companies and organizations all over the world.

ASSOCAMERESTERO
ASSOCIAZIONE DELLE CAMERE DI
COMMERCIO ITALIANE ALL'ESTERO

On August 7-8, Cerca Trova proudly welcomed researchers and industry leaders from across Europe to the Innovation, Materials & Sustainability Workshop in Sofia, Bulgaria.

Over the course of two inspiring days, participants engaged with 12 insightful presentations and explored the groundbreaking work of four EU-funded projects (PROMATAI, Ice-LINK, ECOLUTION, INHABITAT), fostering collaboration and innovation for a more sustainable future.

Fist Course Kick-Off

A milestone for the **ECOLUTION MSc Programme!**

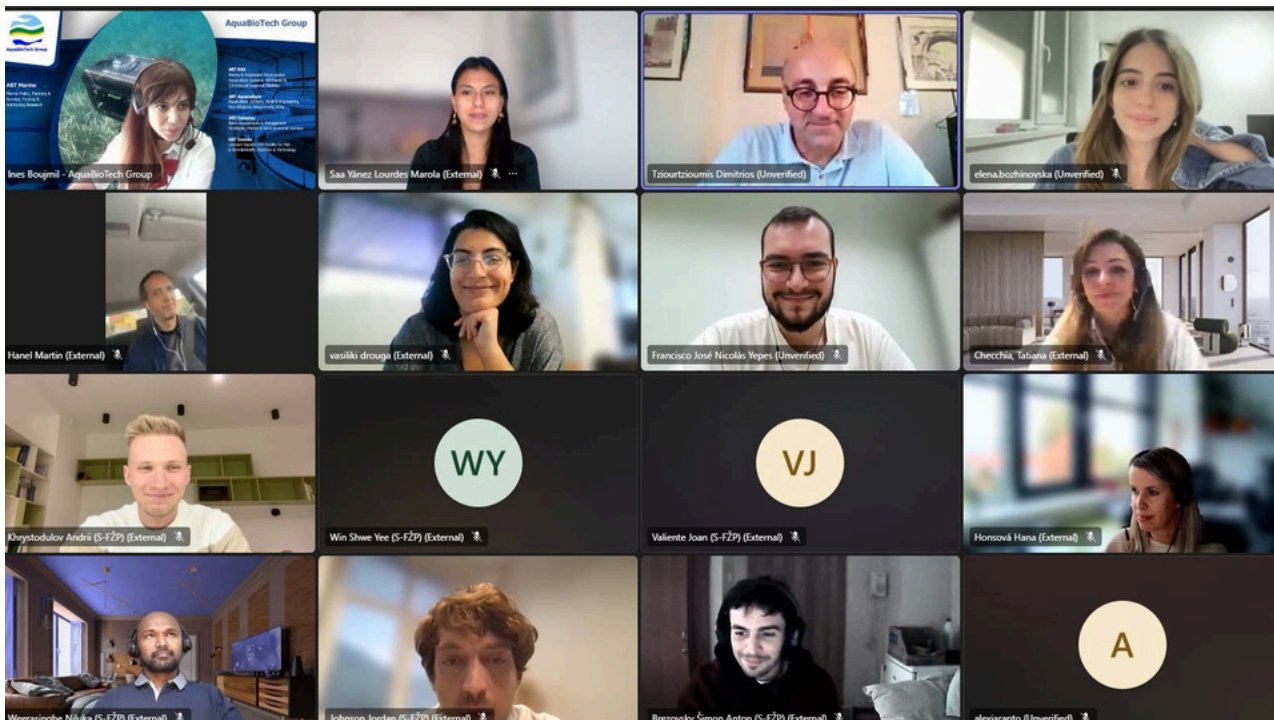

Yesterday, we officially kicked off our very first course: Environmental Policy and Planning

This marks an exciting step in the journey of our students as they begin their academic and professional development within ECOLUTION.

Our dedicated course leaders — Ines from **AquaBioTech Group ABT** and Francisco from **Centro Tecnológico Naval y del Mar - CTN** — introduced the course structure, content & expectations, setting the foundation for an inspiring and impactful learning experience.

We are proud to see our vision come to life: equipping the next generation with the tools and knowledge to tackle pressing environmental challenges across Europe and beyond

A big thank you to our students, partners and faculty who make this journey possible!

CONSORTIUM

PROJECT COORDINATOR

Prof. Hanel Martin – Vice Dean for international relations, head of department, Department of Water Resources and Environmental Modelling, Faculty of Environmental Sciences, Czech University of Life Sciences
